Rubén Gamarro Nieto

Málaga, ES rubengamarro@gmail.com rubén-gamarro-nieto-b57581329 rubengamarro

Experience

Developer & Researcher, Khaos Research Group – Málaga, ES Dec 2025 – present

Contributed to applied research and development projects in collaboration with public and industrial partners. Main work focused on the EDAAN project, focused on building a secure, interoperable ecosystem for data sharing in the agri-food sector.

- Developed data infrastructure for interoperable data spaces and heterogeneous data integration.
- Built data-driven AI services for prediction and optimization using sensor, satellite and other data sources.
- Conducted Machine Learning research and experimentation using Python-based frameworks.

Self-Employed, Private Tutor – Málaga, ES Sept 2023 – June 2025

Provided one-on-one tutoring for high school students in Mathematics and English.

Education

University of Málaga, M.S. in Big Data, Artificial Intelligence and Data Engineering – Málaga, ES Sept 2025 – June 2026

- Thesis: "GraphRAG-Based Assistant for the EU AI Act: Design, Implementation and Evaluation"
- End-to-end development and optimization of Machine Learning models.
- Design of scalable data pipelines (ETL/ELT) and distributed data processing in Big Data environments.
- Implementation of cloud-based data architectures and large-scale data systems.
- Database modeling (SQL/NoSQL) and application of MLOps practices for production deployment.

University of Málaga, University Expert Diploma in Advanced Machine Learning with Python – Málaga, ES Oct 2024 – June 2025

- Experience with scikit-learn, TensorFlow, and PyTorch for data analysis and model deployment.
- Feature engineering, model evaluation, and performance optimization techniques on real datasets.

University of Málaga, B.S. in Mathematics – Málaga, ES Sept 2020 – June 2025

- Thesis: "Analysis and numerical simulation of the NPZ model"

Aristotle University of Thessaloniki, B.S. in Mathematics (Erasmus+ Program) – Thessaloniki, GR Sept 2022 – June 2023

Relevant Courses and Certifications

- Fundamentals of Deep Learning, NVIDIA Deep Learning Institute.
- Computer Vision for Industrial Inspection, NVIDIA Deep Learning Institute.

Skills

Domains: Machine Learning, Data Science, Big Data, Distributed Computing, MLOps, LLMs, RAG, NLP

Tools: Python, R, SQL, Git, Linux, Docker, Spark, Pentaho, MongoDB, Cassandra, Kafka, PowerBI

Languages: Native Spanish, Full Professional English (C Level - British Council)

Attributes: Strong ability to quickly adapt to new software, programming languages, and evolving technologies
